Preferred LED Flashlight Displays

Hi-Power Led Flashlight Display

- Ultra-bright CREE XB-D LED for high illumination indoors and out.
- Shock resistant with high efficiency circuit, providing maximum light output throughout entire battery life.
- Product is CE standard with a life expectancy of 100,000 hours.

Hi-Power Zoom Led Flashlight Display

- Light is tightly concealed inside the flashlight body, providing greater strength and less chance of breakage.
- 450 lumen provides 2 hours of maximum brightness indoors and out.
- SOS and warning signals, providing you and your family with extra security.

Rechargeable Led Flashlight Display

- Easy to hold with secure comfortable grip.
- Easily connects to USB charger. Water resistant for harsh weather environments.
- 700 lumens for extreme brightness.
- Includes end hook for secure carry within your tool bag or belt.
