# Floor Opening Covers

Floor opening covers come in a variety of shapes and sizes. Our floor opening drive covers provide rollover protection from man lifts, fork-lifts, and carts. These covers are tough and will last the tests of time. The closed cell foam fire resistant gasket provides a watertight seal. Both the type 1 PVC fire rated base plate and fire resistant gasket add a strong fire protection layer from floors below. Our floor opening drive covers are available with or without the gasket.

**[CONTRACTOR APPROVED]**
