[CONTRACTOR APPROVED]

Inverted Tip Marker Paints — A heavy-duty industrial marker available in water and solvent based formulations. The no-clog, fast drying formula is available in a full range of construction and APWA colors. The 16 oz. comes with the Seymour converta-cap, a specially designed protective cover that does not need to be removed before using. This provides the user with a convenient marking tool without the worry of accidentally spraying. Now all Traffic Marker and Athletic Field Marker Inverted Tips have Seymour's Universal Spray Tip. Seymour's Spray Tip allows product to be used with most types of marking equipment.
