## Metal Jet Plug

### FEATURES

**Thin cutting thread**  
easy and reliable  
installation in drywall.

**Back twist lock**  
permits the disassembly  
of screws without the  
movement of the plug.

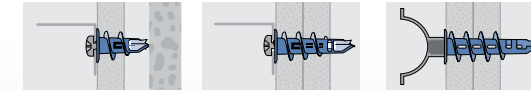

**Center point**  
ensures an easy  
setting and drilling  
in the plate.

- » **METALLICS ZSAL2J** - For single, double drywall, plasterboard and gypsum fibre board
- » **METALLICS ZSA1J** - For single, double drywall, plasterboard, gypsum fibre board with reduced length for limited spacing behind drywall
- » **METALLICS MJP1420** - For single plasterboard with reduced length for limited spacing behind drywall
- » Thin cutting thread; easy and reliable installation in drywall
- » Back twist lock permits the disassembly of screws without the movement of the plug
- » Center point ensures an easy setting and drilling in the plate
- » 1/4"-20 thread for use with pipe clips (MJPm)
- » Pre installation
- » Indoor applications

### Applications

- » Lamps » Pictures » Rails » Skirtings » Small wall-mounted shelves
- » Pipe clips (MJPm)

### Installation

MJPm 1/4"-20  
thread for use  
with pipe clips

## Fibre Jet polyamide

### FEATURES

**Thin cutting thread**  
easy and reliable  
installation.

**Back twist lock**  
permits the disassembly  
of screws without the  
movement of the plug.

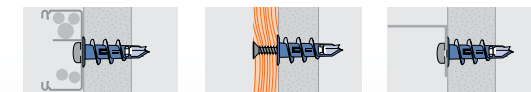

**Center point**  
ensures an easy  
setting and drilling  
in the plate.

- » Glass-fibre reinforced
- » Electrically insulated
- » For single and double plasterboards
- » Reduced length for limited spacing behind drywall  
**METALLICS PSAL2J**
- » Thin cutting thread; easy and reliable installation in drywall
- » Back twist lock permits the disassembly of screws without the movement of the plug
- » Center point ensures an easy setting and drilling in the plate
- » Pre installation
- » Indoor and outdoor applications

### Applications

- » Electric switches » Pictures » Lamps » Rails
