Wall Dog™ Anchors

Universal Light Duty Anchors

All steel, one-piece screw anchors, features high-profile threads for easy fastening into wallboard and other masonry base materials

- *Installs in a variety of base materials*
- *Installs directly through fixtures into wallboard – no second step is required*
- *When removed the Wall Dog leaves a much smaller hole than toggles or other systems*
- *Thread design prevents spinning and stripping*
- *Heat treated point penetrates metal and wood studs*
- *Two finished heads, oval and pan*
- *Two colors, chrome & white head*
- *No pilot hole required for wallboard*
- *Can be easily backed out of hole*
- *No hole spotting required*

Wall-Dog™

Universal Light-Duty Anchor

BASE MATERIAL

Wallboard (1/2", 5/8" & double wallboard) Plywood,
Concrete, Hollow or Grout Filled Block, Brick, Plaster
Wood and Masonry

SIZE RANGE

3/16" Diameter x 2-1/2" Length max.

ANCHOR MATERIAL

Case Hardened Carbon Steel

Powers Wall-Dog is the industry's first all steel one-piece screw anchor, which features high profile threads for easy fastening into wallboard and other masonry base materials. Its deep cutting, corkscrew-like threads provide for smooth entry and a strong hold, and when removed the Wall-Dog leaves a much smaller hole than toggles or other systems. For fastening into wallboard or wood, no pre-drilling is required. Fastening into concrete, hollow or grout filled block, brick and plaster requires a pre-drilled 3/16" ANSI hole.

Features and Benefits

- Installs in wallboard, plywood, concrete, hollow or grout filled block, brick and plaster
- Patented design provides for smooth entry, clean cutting and a strong hold
- Thread design prevents spinning and stripping
- Heat treated point can penetrate metal and wood studs
- Various heads styles and color available
- Self-drills in wallboard and in plywood
- Installs quickly and easily with a Phillips® screwdriver
