An **AMERICAN** Source For Premier and Innovative Fasteners and Anchors

Galvanized Square Nuts

- Four sided square nut
- Greater resistance to loosening
- More contact with surface of fastener
- Less likely to lose their shape from constant loosening/tightening
- Use with a flat washer to avoid damage from sharp edges
- Square Nuts up to #10 are flat on both sides
- 1/4" and up are beveled on one side
- Hot Dipped Galvanized products should only be used with fasteners of the same material.

[CONTRACTOR APPROVED]
